

TWO POSTDOCTORAL RESEARCHER POSITIONS in Medicinal Chemistry: a Ph.D. degree holder in Medicinal Chemistry/Organic Chemistry is looked for to conduct chemical synthesis and drug discovery projects. Our research program is supported by U.S. federal funds. This position is for one year initially and can be renewed for up to three years based on mutual agreement. Research experience in organic synthesis, natural product chemistry, and drug design and development is required. Experience in computational chemistry, molecular modeling, and/or pharmacology is a plus, but not required. If you are interested in this position, please send your current resume and the names of at least two referees to: yzhang2@vcu.edu, Yan Zhang, Ph.D., Assistant Professor, Department of Medicinal Chemistry, School of Pharmacy, Virginia Commonwealth University, Room 534 Smith Bldg, 410 North 12th Street, Richmond, VA 23298, USA.
